

Davenham Parish Council

HS2 Update Crewe to Manchester Phase 2b - 8/6/2022

Please see below for details of two engagement events regarding HS2

At CW&C Full Council on 19 May 2022 a recommendation to resolve to petition against the HS2 Phase 2b: High Speed Rail (Crewe – Manchester) Bill 2022 in relation to those aspects that could negatively impact the Borough.

The Council is concerned about some of the impacts for our communities. In order to collect resident and other stakeholder views on potential impacts and mitigations, the Council is arranging engagement events in June 2022.

The focus for these events will be on reaching those in the community who will be most significantly and disproportionately affected by the HS2b line. To ensure their views are heard into the Council's response to HS2 and other agencies as part of this process.

The Council will raise awareness of its intended priorities and mitigations and will seek the views of residents, businesses and any other directly affected organisation to the HS2 Hybrid Bill petitioning processes and negotiations of HS2 through the borough of Cheshire West and Chester. Resident and other stakeholder feedback will then be fed into the process in terms of the key areas of priorities and mitigations.
