

# High Speed Rail: Crewe – Manchester

# HS2

## June 2022

**We are sending you this leaflet to update you on the High Speed Rail (Crewe – Manchester) hybrid Bill, which was introduced by the UK Government into Parliament earlier this year.**

In it you will find information about:

- The progress of the Bill and proposals for changes that we are preparing;
- a series of events that we'll be holding; and
- how to find out more.

This provisional map includes the proposed removal of the Golborne Link from the Crewe – Manchester Bill, which is subject to Parliamentary approval.

## Update

The High Speed Rail (Crewe – Manchester) Bill, which was introduced on 24 January 2022, is still in the early stages of its journey through Parliament - a journey which could take several years.

The timing of the various stages that the Bill will go through are subject to the Parliamentary timetable.

Public consultations on two reports that were published with the Bill – the Environmental Statement (ES) and the Equality Impact Assessment (EQIA) – closed on 31 March. Responses received to the consultation on the ES were analysed by an Independent Assessor appointed by Parliament. A report summarising the issues raised in the responses has been published by Parliament and can be accessed via our website at [www.hs2.org.uk/crewe-manchester](http://www.hs2.org.uk/crewe-manchester).

Responses to the consultation on the EQIA are being analysed by a response analysis company and a report will be published in due course.

During Second Reading, which we expect to take place this Summer, the principle of the Bill will be debated and voted on by Members of Parliament.

Shortly afterwards, those whose property or interests are directly and specially affected by the Bill will be able to submit a petition against it. Petitions would then be heard by a special Select Committee appointed for the purpose.

You can find out more about the Bill process by visiting [www.hs2.org.uk/crewe-manchester](http://www.hs2.org.uk/crewe-manchester) or by getting in touch with our Helpdesk using the contact details shown at the end of this leaflet.

Finally, we have been helping the Government to prepare new safeguarding directions to help ensure that land identified in the Bill as being needed to construct and operate the planned new railway is protected from conflicting development. You can find out more about safeguarding at [www.hs2.org.uk/safeguarding](http://www.hs2.org.uk/safeguarding).

We will be writing to property owners who are affected by safeguarding changes.

## Changes being prepared

We are currently preparing changes to some of the proposals put forward in the Bill.

Changes to hybrid Bills as they pass through Parliament aren't unusual and can be made as a result of design development, new information being received, engagement and discussions with affected individuals and stakeholders, or changes introduced during the Parliamentary process.

You can find out more about these proposed changes at [www.hs2.org.uk/in-your-area/local-community-webpages](http://www.hs2.org.uk/in-your-area/local-community-webpages), by contacting our Helpdesk or by coming to one of the events that we will be holding in June and July.
